## His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00.

Trail bottles free at S. J. Hodgkinson's Drug Store; every bottle guaranteed.

The mineral resources of Humboldt county are probably more varied than any other section of the United States, if not in the world. Within its borders are found gold, silver, copper, lead, tin, antimony, nickel, cobalt, bismuth, iron, nitre, sulphur, gypsum, soda, borax and salt.—Argus.

## No Right to Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at S. J. Hodgkinson's drug store.

The Reveille says that James H. Waters met his death in a mine at Elly, White Pine county last Saturday by being struck by a bucket used for hoisting rock falling into the shaft. Waters lived ten minutes after the accident.

## WHERE WILL THE END BE?

Contention in politics is now on in Nevada. It has taken form early in the campaign year. Notice has been served upon the people of the State that they will have to remain subject to the power there is and has been to enslave them to conditions that have been upon them and the State from the beginning. Any desire for liberty or the right to govern according to American ideas must be set aside. The masters of the people have declared that the rights that attach to American manhood will be crushed. Diabolical methods will be resorted to for the purpose of continuing boss rule in the State, and the rule of men who are residents of the State of California, or of any place, for that matter, except Nevada.

The dominating course of Wallace, accompanied by threats, will be a feature of the campaign, and the coarse, low methods of his creatures will intrude themselves upon the decent portion of the citizens of the State, more particularly upon those who have the moral stamina to oppose the degrading and demoralizing work of the boss and his bandits, whose business it is to intimidate the law abiding and worthy citizen.

The JOURNAL enters the campaign committed to the cause of the people and good government, backed by the moral power of right against the wrongs there are and have been upon them, which wrongs and all the humiliating relations that accompany will then be continued, if it is possible to do so, by the use of means that are destroying as rapidly as it is possible to do the fabric of the republic.

The JOURNAL is fully up in its knowledge of matters political in the State. It knows the past, the present and is aware of the future there will be on the State and the people, should the boss methods prevail at the approaching election. The future of the State is squarely before the people, the question, who shall govern? is also before them. The future of the State is included in its government.

The proposition is: Shall the State continue in the hands of men who have no larger interest in it than to hold its offices, whose respect for its people must equal the methods used to control them, which are of the most degrading character? When men who are non-residents come among us and openly say that they will prevail through their methods, and by so doing, accomplish their purpose by forcing themselves upon the better class of our citizens, because these citizens have failed to exercise the right which is theirs to govern themselves, presents a bad state of public affairs among a free people.

These men seem to depend upon conditions that have prevailed in the past believing they will continue in the future and that an office can be purchased at the polls by degrading the elective franchise through the purchase of voters as sheep are purchased for the shambles. There is an extract from the Reno Ledger that appears in another column which in some measure explains the present and future. The JOURNAL has been aware for some days of the Post interview but refrained from saying anything upon the subject till the effect of what appeared in the published interview would be known.

When it was ascertained there was much in the declared intention of Mr. Newlands to succeed J. P. Jones in the United States Senate it became a duty to define the position of the JOURNAL respecting the intention of Mr. Newlands to succeed himself in the next Congress, which was done in yesterday's issue. Politics, as presented at this time, includes the whole political and industrial history of the State together with a history of the position and work of the men in the State who will oppose each other in their claims to be United States Senator.

The position of Jones and the means there will be used by him to secure his return to the Senate are well known. The men who will support him irrespective of party affiliation are also known and without question these men and their methods will be better known than they have been or are at present, before the contention included in the canvass is closed. The whole duty of an American citizen to himself, to his State and to his country will be included in the canvass.

The cause for a general review of the rights and obligations there are upon a citizen will be a part of the canvass as much as any political position of the candidates could be in a contest to be United States Senator. The man who declared, from the steps of the State Capitol in Carson when he first secured a seat in the Senate, that millions expended for election purposes would not corrupt the people, will learn before the canvass is over that crows come home to roost in a sense that may not aid his present intention if he is correctly reported by his friends of again buying a seat in the Senate.

## A Book Typewriter.

G. A. Marquis, agent for the Elliot and Hatch book typewriter, has one of his machines set up in the County Clerk's office. This typing machine can be adjusted to any size court record, and is a wonderful labor-saving device.

The county should invest in one of these ingenious and valuable inventions.

## Items of Street and Town too Brief for Separate Heads.

Mr. Van Buren's flock of sheep are undergoing their annual spring dip at Sullivan's ranch.

Final accounts of B. F. Hunter were allowed yesterday, and his property made over to Mrs. Hunter.

Street crossings—much needed ones—are in the course of construction at Sixth and Center streets and Fourth and Virginia.

Thursday next, being Ascension Day, there will be morning prayer at Trinity Episcopal Church, followed by Holy Communion at 10:30 a. m.

You should drop in at the Riverside gallery. Danu has some new sizes in art panels that appeal to one's sense of artistic beauty. They are chic.

A small portion of the town looms up in a bright coat of red paint. The Gazette building is the guilty spot, but Allen U. wears a satisfied look upon his countenance, instead of a disappointed one, as might be expected.

The yield of the Consolidated California & Virginia mine last week amounted to 107 mining carloads of ore of the average assay value of \$40 per ton. The yield for the previous week was 112 mining cars of ore averaging by assay \$31.76 per ton.

## From the Reno "Ledger."

"The following appears in the Washington Post:

"The latest newspapers from the Pacific Coast bring stories of a lively State committee contest in Nevada. A State committee meeting was recently held in Reno, and it is claimed that the proxy of a man who had been dead for nine months was voted against the fusion of the Silver party with the Democrats. The fusion was carried, which is said to increase the political prospects of Representative Newlands.

"I know little about the struggle that has been going on of late in the State," Mr. Newlands said yesterday. "But I am a candidate for re-election to Congress in this campaign, and to succeed Senator John P. Jones in the Senate in two years. My friends in Nevada have been working for a fusion of the silver parties with the Democrats."

## W. C. T. U. Reunion.

A goodly number were in attendance at this most enjoyable reunion. After the business matters were laid on the shelf, an interesting program was rendered. Those who participated in this program were the Rev. G. H. Jones and Rev. E. W. Van Dewater. The remarks of these divines called forth a reply from Mrs. Leonard.

The words of good cheer spoken by the gentlemen earned for them a vote of thanks from all the gathered members. A souvenir was presented each lady who had reached the age of fifty-five.

Several conundrums were proposed one of which is given to JOURNAL readers to solve "What Bible character is there who possesses no name, who suffered death in a different form from any hitherto inflicted; a portion of whose shroud is in every household, and the cause of whose death has been made famous by a modern writer?" Last but not least came dainty refreshments. Thanks are due to the president and hostess, Mrs. Gilman, for this pleasant reunion.

## Building Notes.

Mr. Schadler, the contractor, reports much activity in building matters.

Mrs. Charles Lake's handsome cottage is nearing completion. Judge Currier and President Stubbs are having plans drawn for prospective dwellings.

The brick walls of the new Methodist church begin to show up well.

UNIVERSITY  
HAPPENINGS

The Track Team and Debating Club Leave for Salt Lake Thursday Morning.

This afternoon at 4:30 o'clock President Stubbs is to review the cadet battalion. An inspection will follow and the commissions to next year's officers may be given out. Major Hayes and his competent staff have served their term satisfactorily to all concerned. On Memorial Day the battalion joins with the G. A. R. in observance of this beautiful custom. DEBATORS AND TRACK TEAM. The track team and debating club leave on Thursday morning's train for Salt Lake City. The debaters are to contest for oratorical honors, while athletic distinction is the aim of the track team. Examinations continue to perplex the knowledge-seekers on the hill of learning. The freemen oratorical contest takes place at 8 o'clock this evening. It promises to be of unusual interest, as the participants are exceptionally well drilled in their declamations. NORMAL SCHOOL RECEPTION. The Normals' reception, to be given Friday evening, May 25th, is to be an invitational function, except in the case of the alumni, who are always guests of honor at these annual receptions.—M. Henry, chairman.

Rev. Quinn's Dissertation

The paragon of McKimick's opera house was well filled last night with an audience that fully appreciated Rev. Quinn's talk. His subject "Outside the Catholic Church there is no Salvation" was explained in a way that instilled hope in good Protestants in attendance. According to him every one baptized belongs to the congregation of the Catholic church no matter from what denomination he receives baptism. But belonging to the Catholic congregation does not necessitate a salvation; besides baptism, faith is a primary requisition. Those baptized may not be aware of the fact that their baptism enrolls them as members of the Catholic congregation, but such is the case. This is the first step taken toward salvation, the second is faith in Christ. A faith which will make workers of men not mere listeners. That is—one must seek to discover everything within his power that leads him to believe Christ's doctrines are such as he thinks them. Two distinctions were made in those who are undecided which denomination is the right one—viz, the invincibly ignorant and those who are not invincibly ignorant. The invincibly ignorant claim that God does not give them the power to find out whether they are right or wrong, and state Christ cannot punish them on this account. The startling statement was made in the lecture that the Episcopalians considered the Roman Catholic church as priest ridden, as attempting to gain power in the world and with a greed to amass wealth. Rev. Quinn said the Catholics were more liberal in their views than any other denomination. He emphasized the statement that every one baptized unconsciously becomes a Catholic; that the Roman Catholic church was the only church of Christ, according to scientific and historical facts. Another remark was made which the priest deemed strongly in favor of Catholicism. It referred to the followers of Protestant and Catholic creeds. The former religion having a following of 100,000,000 souls, while the latter embraced 350,000,000 of people.

Trouble on the Truckee.

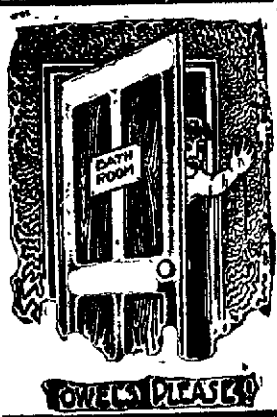

The State line mills made an attempt to float their first drive of logs down to the mill pond. These logs have been piled up on the river banks for several weeks awaiting the flood waters of spring freshets. The rise in the Truckee's volume came as expected; but a bridge recently built over the river at the site of the new electric power plant interfered with the floating logs. Scores of logs jammed against the piers of this bridge threatening to carry its underpinning away. The managers of the power plant entered a complaint. No more logs will be rolled into the turbulent Truckee until a scheme can be invented by which the logs may be floated under the bridge without endangering its foundations. Over two hundred logs were dumped into the river; two of the number reached their destination—the mill pond.

At the Court House.

Still they come! Another couple—divorcees from fair California—came in on yesterday's east bound passenger train. Clerk Porter issued them a marriage license. Rev. B. F. Hudson performed the nuptial ceremony.

Unconditional Surrender Will Not be Considered.

Special to the JOURNAL.  
PRETORIA, MAY 22.—The Transvaal government has placed its back to the wall and announced that it will not consider an unconditional surrender, but will fight to the end. Johannesburg and Pretoria are being cleared of non-combatants and foreign consuls have been notified of the Boers' intention to defend these cities.

A VICTIM OF FOUL PLAY.

Special to the JOURNAL.  
NEW YORK, May 22.—James W. Moyle, the well known mining man, whose body was found in North river near the foot of Grand street, Jersey City, this morning is believed to have been the victim of foul play. A general examination of the facts indicate that Moyle drowned himself while despondent over a shortage of ready money, but his friends here who number most of the largest mining operators, speculators and experts, insist that he was robbed and murdered or fell over by accident. Moyle stayed at the Hoffman House with Senator John P. Jones when he dropped from sight early in April. Jones joined with the hotel people, police and other friends in the search for Moyle, but no trace of him was ever found until the body was recovered today.

Colonel Bethuen Loses 66 Men.

Special to the JOURNAL.  
LONDON, May 22.—Colonel Bethuen has reported that while marching in the direction of Newcatel Neatal yesterday, one squadron of his mounted infantry was ambushed by a party of Boers six miles west of Vryheid in the Transvaal and that very few of his force escaped. His casualties numbered 66 men. Lieutenants Lausum and Cape are among the missing. The Earl De La Warr is slightly wounded in the leg.

Another Fatal Railway Wreck.

Special to the JOURNAL.  
OAKLAND, Cal., May 22 —Another wreck, in which two lives were lost, was charged against the ill-fated narrow-gauge local this evening. It was opposite the old freight slip on Alameda Point. The victims were Engineer Frank J. Shaw and Fireman Henry Wetzlee, who were killed. The cause was an open switch left by a thoughtless member of the yard crew.

Freighting Teams.

Twelve horses attached to three ponderous freight wagons are engaged in hauling merchandise from Reno to the branch store of the Reno Mercantile company, located at Gardnerville. The jangling bells on the horses remind one of flash days in the early sixties.

Mr. Lachman's Funeral.

The funeral of the late Mr. Lachman was held yesterday under the auspices of the Jewish fraternity I. O. B. B. and Reno lodge of Odd Fellows. There was a large attendance, many friends coming in from Carson and Virginia to pay their last respects.

Things Booming.

Conductor Grant of the swing train says there are no idle camps up the river. Every sawmill, box factory and ice house represents a perfect hive of industry. The swing crew are kept on the jump handling local freight.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. **Nast, Conkling and Curtis.**  
It is to be suspected that some of Tom Nast's wittiest work with his marvelous pencil was "printed, not published"—was intended simply to gratify his friends—and never met the eyes of the general public. Not long ago, in looking over the album of a lady who for years was a social leader at Washington, I came across a contribution of Nast's which was as effective in its way as any of the cartoons which have made his name famous.

He wanted to impress upon the lady that Washington life had been too much for him and did so by drawing a capital full length picture of himself as he appeared walking along the avenue. What gave the picture point and rendered it irresistible was the fact that the back of his head was where his face ought to be—in other words, Washington had turned his head.  
I suppose the politicians still recall Roscoe Conkling's famous allusion to the great cartoonist in his Rochester speech "dedicated" to George William Curtis. Mr. Curtis at the time was the editor of Harper's Weekly, a position which he had held for many years. In the course of his philippic Mr. Conkling took occasion to refer to The Weekly, and, although Mr. Curtis sat listening to him, he described it simply as "the paper made famous by the pencil of Nast."—New York Mail and Express.

**Tragedies of the Grand Canyon.**  
Tragic stories are told of men who have lost their lives in the search for precious metals which may lie hidden or uncovered, says Harriet Monroe in The Atlantic. The great primeval flood cut its broad V through all the strata of rock, with all their veins of metallic ore, down to the earliest shapeless mass, leaving in its wake the terraced temples and towers which seem to have been planned by some architect of divinest genius to guard their inaccessible treasures till the end of time. And the river, rising far to the north among mountains rich in mineral, has been washing for ages the sands away and depositing thus gold and silver and lead in the still crevices of the inaccessible chasm.

Here the earth laughs at her human master and bids him find her wealth if he dare and bear it away if he can. A young Californian who accepted the challenge and set forth upon the turgid water to sift its sands for gold never emerged with his hapless men to tell the story of his search. Only near the brink of the cleft are a few miners burrowing for copper and sending their ore up to the rim on the backs of hardy burros, as who should prick the mountain with a pin or measure the ocean with a cup.

**Some Ready Made Law.**  
Bourke Cockran studied law under Judge Theodore L. Dwight. One day the professor asked a question which seemed easy, but was really difficult. With his magnificent voice Cockran answered the best he could, adding as a saving clause, "Such, I take it, is the common law."  
The good old doctor gleamed benignantly through his spectacles. "That would be all right, sir, if you had made it uncommon law."—Philadelphia Saturday Evening Post
